

ASAHI MACHINERY EUROPE GmbH
A Company Restructuring Exercise and a Change of Name

ASAHI Machinery Limited, Japan, worldwide known for high quality flatbed diecutters CARTONMASTER, has restructured its European subsidiary ASAHI MACHINERY EUROPE GmbH in Montabaur, Germany.

Together with the new Managing Director, Makoto Furuyama, and the new Sales Manager, Robert E. Schaffer, the company intends to expand the sales activities throughout Europe.

ASAHI Machinery Limited, Japan was founded in 1917 as manufacturer of paper making machines. Since its cooperation with the British company William Crossland in 1970, ASAHI Machinery Limited is producing automatic flatbed diecutters for the international corrugated and folding boxes industries.

The Japanese management of ASAHI Machinery Limited and the responsible managers of the European subsidiary ASAHI MACHINERY EUROPE GmbH during a meeting in Düsseldorf.
